

Candidate Resume - Candidate 1

HireWise Technologies Inc. - Internal Human Resources Document

Candidate Profile

Candidate: Candidate 1

Target Role: Software Engineer

Email: candidate1.hirewise.demo@example.com | Phone: (555) 019-2834 | Location: Bangalore / Remote

Education

- Bachelor of Technology in Computer Science & Engineering

Graduation Year: 2025 | CGPA: 8.6 / 10.0

Relevant Coursework: Data Structures & Algorithms, Database Management Systems, Object-Oriented Programming, Computer Networks, Operating Systems

Technical Skills

- Programming Languages: Python, Java, SQL, C++
- Frameworks & Web: REST APIs, FastAPI, Flask, Basic React, HTML5, CSS3
- Databases: PostgreSQL, MySQL, SQLite
- Developer Tools: Git, GitHub, Linux Shell, VS Code, Postman
- Core Concepts: Object-Oriented Design, Data Structures & Algorithms, Schema Design

Professional Experience

Software Engineering Intern | TechNova Solutions (6-Month Internship)

- Developed scalable RESTful backend services using Python and FastAPI, handling 15,000+ daily requests.
- Designed and optimized PostgreSQL relational database schemas, reducing query latency by 28%.
- Built Java-based automated batch data validation utilities, ensuring 99.5% data consistency.
- Collaborated with senior engineers using Git version control and actively participated in weekly code reviews.

Key Projects

1. Inventory Management REST API (Python, SQL, REST APIs, Git)

- Engineered a modular inventory tracking backend with JWT authentication and CRUD endpoints.
- Implemented relational schema with foreign key constraints, indexes, and automated migration scripts.
- Authored comprehensive Postman API documentation and achieved 92% unit test coverage using pytest.

2. Student Academic Portal (Java, SQL, Basic React, Git)

- Created a full-stack student management application featuring course registration and grading modules.
- Implemented core business logic in Java with JDBC integration to MySQL database.
- Built responsive dashboard UI using React components and integrated REST endpoints.

Certifications & Achievements

- Top 10% in University Algorithmic Coding Challenge (Data Structures & Algorithms).
- Certified Python Associate Developer.
